FEATURES

Smart Hub: Samsung Smart Hub has retooled its Smart Hub feature to further expand its access to a world of online entertainment. Smart Hub also allows you to search through hundreds of apps and use the fully optimized Web Browser for a seamless user experience.

Full Web Browser: Easily stream your favorite movies and TV shows, download apps, shop online, browse the web, update your status on Facebook® and Twitter,™ and enjoy all of the benefits of full web browsing right on the big screen.

AllShare™ Play: Enables your Blu-ray™ Player to access and stream content from any compatible device, like a PC, smartphone, tablet or camera. That means you can share movies, photos and music all through a single device – your Blu-ray™ Player. Now with the benefits of cloud technology, you can access and even share content when you're away from home.

Disc to Digital streaming service: Unlock a digital copy of your DVD collection and access your movies on multiple connected devices.

3D Blu-ray™: Play 3D titles or intensify your viewing experience with the Samsung 3D Blu-ray™ Player.*

*Full 3D experience requires 3D-native content, 3D TV and 3D Active Glasses.

WiFi built-in: With a wireless LAN built in, it is easier than ever to access your apps and enjoy online content.

BD Wise™ Web: With the Samsung BD Wise™ Web feature, you can watch web-quality videos in high definition on your TV. It automatically optimizes Internet videos by boosting picture quality so that images are crisp and text is legible. BD Wise™ Web can even resize the video ratio so that the edges aren't cropped off.
